English ▬▬▬▬▬▬▬▬

PROFILE

Passionate and adaptable Frontend Developer with 1 year of hands-on experience in developing dynamic websites and user-friendly web applications. Eager to embrace new technologies and methodologies to drive continuous improvement and deliver exceptional user experiences. Eager to leverage my skills and passion for web development in a challenging role, while continuing to explore interests in machine learning.

SOFT SKILLS

- Effective Communication
- Problem Solving
- Team Collaboration
- User Empathy
- Intellectual Curiosity

PROJECTS

Apple (India) clone website

- Developed a fully responsive website of Apple (India), significantly enhancing the user experience across all devices.
- Leveraged **HTML5**, **CSS3**, and **Bootstrap** to create a responsive design and an intuitive user interface

Invoice Maker Website

- Developed a comprehensive invoice generation tool that allows users to create, customize and download with ease.
- Utilized **HTML5**, **CSS3**, **Bootstrap** and **JavaScript** for a modern, interactive interface.

For a complete overview of my projects, including detailed descriptions and code samples, please check my GitHub profile.

ADDITIONAL INTERESTS

- Secured **district-first** place in singles and doubles shuttle badminton as team **captain**, and actively participated in ball badminton, volleyball, and Kho Kho, showing **versatility** and dedication.
- Actively Writing **blogs** and **tutorials** on current technology trends.
- Passionate about delivering **presentations**, with a strong interest in creating and sharing engaging content.
